*We Help You GET NOTICED!*

APRIL 2011

Check out the new LIGHTBOX SIGN in the window at Shiatsu Cave at 500 West Main in Anoka. Mary Caine from Shiatsu Cave had a visibility problem, with no outside signage she needed to make use of her large windows to GET NOTICED. A 30 inch x 40 inch lightbox sign was just the ticket. The lightbox increases her daytime visibility as well as her nighttime exposure.

*This photo was taken at dusk looking through the glass.*

***Stop in and visit Mary for therapeutic massage and bodywork for women.  
Tell her "Sign Station sent me!"***
